Dear Third Grade Teacher,

If you are looking for a great field trip idea this year, why not consider participating in a 'Fruit & Veggies Grocery Store Tour' for your third grade students?

During this 60 minute tour, students will learn about the importance of fruits and vegetables for their health in a visual and interactive way. Teachers will be sent educational materials to use as they would like.

Unfortunately, due to budget cuts bussing reimbursements will not be available this year. We apologize for this inconvenience but hope it doesn't affect your ability to participate in this great program.

To sign up for a tour, identify the store that is closest to your school. Then call **Kari Schmidt** to schedule a date for your tour. The store can present to one class (approximately 30 students) per tour. If all of your third grade classes are interested, you will need to schedule three or more tour dates.
